BACK BAR BOTTLE CHILLER, ERM-250

141211200000

Dimensions and We	eights		BACK BAR BOTTLE CHILLER, ERM-250					
Length	mm	900,00	Exterior of black plastic-coated steel. 2 Doors with automatic locking device.					
Depth	mm	520,00	Glass doors with vacuum chamber on anodised aluminium frame. Internal lighting.					
Height	mm	900,00	Internal shelves of plastic-coated steel, adjustable in height.					
Net Weight	Kg	0,00	60-mm thick injected polyurethane insulation.					
Gross Weight	Kg	0,00	40 kg/m3 density. No CFC. Forced draught. R-134 cooler. No CFC.					
Volume packed	m3	0,50	Removable, ventilated airtight compressor. Evaporator integrated in aluminium plate.					
Electricity Electric Power Voltage 230V -1+N Voltage 230V - III Voltage 400V - III+N	KW	0,35 2x1,5+T - 4 A	Forced draught. Automatic evaporation of water during defrosting. Operating temperature: +2 °C, +6 °C, at room temperature of 43 °C. Electronic temperature and defrosting control and display. Operating voltage 230 V - 1+N - 50/60 Hz. Equipment: 4 shelves. Capacity: 190 litres. Total power: 250 W.					
<u>Gas</u>			Dimensions: 900 x 520 x 900 mm.
